

SEIU 1021: Sign the Petition to Call for a Clean, Safe, Fully Staffed Alameda Health System

Alameda Health System's SEIU 1021 workers make a clean, safe place where patients from all walks of life can get first-class healthcare. But mismanagement, underfunding, and understaffing are creating an unsafe environment for patients and workers.

By signing this petition, I, the undersigned, call for the AHS Board of Trustees to fix the understaffing crisis that is putting our community at risk.
